## CESE-2013 The 6<sup>th</sup> CESE Conference

The 2013 International Conference on the "Challenges in Environmental Science and Engineering" (CESE-2013) organized by Korean Society of Water and Wastewater (KSWW), will take place in Daegu, Korea. This is the sixth international conference in the CESE series. Researchers, policy-makers, academics, students and the broader community active in contributing solutions to the myriad of environmental questions that are posed to ensure sustainability, are welcome to meet in Daegu to share their knowledge and visions for the future.

Daegu is located in the south eastern part of the Korean peninsula. It is a time honored city that inherited glorious monuments of traditional Buddhism and Confucianism, such as Donghwasa temple and Daegu Confucian Academy. Daegu is also surrounded by 4 UNESCO cultural heritage sites which display Korean traditional culture.

Moreover, Daegu is perfect to witness and understand the process of modern development in Korea from 100 years ago. There is a program called Daegu Walking Tour, awarded the 2012 Star of Korea Tourism. We believe you will enjoy your stay in Daegu, Korea

We sincerely invite you to take part in the 6<sup>th</sup> CESE conference, CESE-2013, and enjoy your amazing journey through Korea.

### CESE Conf. Chair

A/Prof. Jega V. Jegatheesan  
Daekin University, Australia

### CESE Conf. Co-Chair

Dr. Shu Li  
LJS Environment Ltd., Australia

Professor Chang Chia-Yuan  
Chianan Univ. of Pharmacy and  
Science, Taiwan

### CESE 2013 Conf. Chair

Professor Kim Young-Kwan  
Kangwon National University, Korea

### CESE 2013 Conf. Co-Chair

Professor Park Kyoo-Hong  
Joongang University, Korea

Professor Lee Seung-Hwan  
Kumoh National Institute of  
Technology, Korea

Date : 30 Oct. - 2 Nov. 2013  
Venue : EXCO, Daegu

## Themes and Topics

- Theme I Water Treatment and Reuse
- Theme II Wastewater Treatment and Reclamation
- Theme III Rainwater Harvesting and Application
- Theme IV Sustainable Catchment Management
- Theme V Renewable Energy and Climate Change
- Theme VI Environmental Policy and Management
- Theme VII Membrane Technology
- Theme VIII Energy and Biofuels
- Theme IX Environmental Modelling
- Theme X Solid and Sludge Management

All papers will be reviewed and authors of selected papers will be invited for possible publication in special issues of well reputed following journals after peer review.

- Bioresource Technology
- Desalination and Water Treatment
- International Biodeterioration and Biodegradation
- Journal of Water Sustainability
- Re/Views in Environmental Science and Bio/Technology (Several other journals are being negotiated)

## Key Dates

- |                              |               |
|------------------------------|---------------|
| · Submission of Abstracts    | 30 April 2013 |
| · Notification of Acceptance | 31 May 2013   |
| · Submission of Full Papers  | 31 July 2013  |
| · Early Bird Registration    | 31 July 2013  |
