Key Dates

- Abstract submission opens: 1 March 2019
- Abstracts submission deadline: 31 July 2019
  (abstracts templates could be found at the conference webpage http://cese-conference.org/. Please send your abstracts to Dr. Li Shu by email: li.shu846@gmail.com)
- Notification of acceptance: 15 August 2019
- Deadline for early bird registration: 31 August 2019
- Deadline for late registration (to be included in the abstracts book): 3 October 2019

Keynote Speakers

- Professor Diana Aga, The State University of New York at Buffalo, USA
- Professor Pen-Chi Chiang, National Taiwan University, Taiwan
- Professor Jimmy Kao, National Sun Yat-sen University, Taiwan
- Professor Yu-Chen Lin, National Taiwan University, Taiwan

Themes

1. Application of Membrane Technology & Nano-Technology
2. Water & Wastewater: Pollution Prevention & Treatment
4. Air Pollution: Prevention and Treatment
5. Sustainable Catchments & Renewable Energy
6. Cleaner Production & Emerging Sustainable Practices
7. Appropriate Technology for Sustainability & Climate Change Adaptation / Mitigation
8. Soil Sustainability and Contaminated Soils & Sediments

Preliminary Program

- 3rd Nov. 2:00 – 6:00 pm Registration & Poster Placement
- 3rd Nov. 6:30 – 8:30 pm Welcome Drinks
- 4th Nov. Morning Registration, Welcome & Keynote Speeches
- 4th Nov. Afternoon Poster Session & Parallel Oral Presentation Sessions
- 5th Nov. Morning & Afternoon Parallel Oral Presentation Sessions for Students & Young Scientists
- 5th Nov. 6:30 – 9:30 pm Awards for Best Oral and Poster Presentations by Students and Young Scientists, Gala Dinner
- 6th Nov. Morning & Afternoon Parallel Oral Presentation Sessions for Senior Researchers
- 6th Nov. Evening Formal Closure of Conference
- 7th Nov. Morning Field Trip

Scientific Writing Workshop

4th and 6th November from 6:00 – 10:00 pm by Dr. Eldon Raj Rene from Delft IHE, Institute for Water Education will host the workshop

Special Issue Journals (confirmed)

Chemosphere
Desalination and Water Treatment (DWT)
Environmental Science and Pollution Research (ESPR)
Process Safety and Environmental Protection (PSEP)
Journal of Water Sustainability (JWS)
Membranes (by MDPI)
Sustainable Environment Research (SER)
(to be confirmed)
International Biodeterioration and Biodegradation (IBB)
Journal of Environmental Management (JEMA)
Journal of Water Supply: Research and Technology – AQUA
